Hi, I am a very fast learner and I try to adapt to changes rapidly. I have nearly an year of customer sales and care experience which i got while running my own e-commerce store. I have a keen interest in sales and marketing. I watch videos of successful sales persons like Grant Cardone, Dan Lok and many others. I'm obsessed with reading books on self improvement, some of my favourite books are Rich Dad Poor Dad, Think And Grow Rich, The Seven Habits Of Highly Effective People, The Compound Effect, The atomic Habits and many more. I will try my best to contribute in the growth and success of this company.
